

For the Love of Mary

Mother of Jesus
The greatest Mother of the universe
Mother of us all
Humbly to you we plea

You are always there
We know that we can call on you
Your hands gently holding ours
We find real comfort in you

We draw on your strength; Mother dear
A Mother who was witness
To her Son's sufferings
Bearing them all in her chest

Cover our world, our country, our families
With your loving arms
This we ask with trust and confidence
No wars, no strife, no colors, no race
Pray for us that all may live in peace and harmony

Thank you, dear Mother
For being always there for us
We love you, Mother most holy
And we are certain that you love us too.
Amen
